## CanAm Panel

**2012-2018 Maverick, Maverick MAX,  
2010-2020 Commander, Commander MAX**

Knowing what's going on in your UTV could make or break a day on the trails. Additional gauges and switches provide extra peace of mind and can help detect problems before they arise. These direct fit panels for 2012-2018 Can-Am Mavericks and 2010-2020 Can-Am Commanders are designed for 2 1/16" gauges (not included) and/or two rectangular rocker switches (not included). Each panel fits in the opening in the dashboard for a clean, factory-like look.

**5398**

**5399**

5398 only:

- Designed for three 2-1/16" gauges (not included)
- Black anodized aluminum construction
- Installs using four self-tapping screws

5399 only:

- Designed for two 2-1/16" gauges (not included) and two rectangular rocker switches (not included) that fit 0.96" x 1.9" cutouts
- Black anodized aluminum construction
- Installs using four self-tapping screws
