COMFORT INDICATOR

Comfort Indicator is the easiest way to monitor the charge in your battery. An accurate reading for your battery is displayed two hours after use of the vehicle.

RED means the battery charge is below 12.4V. It's definitely time to charge the battery.

YELLOW means the battery charge is between 12.4 and 12.65V. It's time to start thinking about charging the battery.

GREEN means the battery charge is more than 12.65V. OK! No need of charging.

CTEK BUMPER

Bumper US 0.8
Bumper MUS 4.3
Bumper MUS7002

Helps protect the charger and your vehicle surfaces from bumps and scratches. It also gives extra grip on slippery surfaces. Made of durable silicon rubber material. The CTEK BUMPER fits snugly around the body of your CTEK charger.
