QUALITY. RELIABILITY. PERFORMANCE. EXCELLENCE.

High Quality Battery Cables made by hand in Arizona

We specialize in:

- * Battery Cable kits for repairs and upgrades
- * Heavy duty cables and parts
- * Hard-to-find cables
- * Custom, made-to-order cables

Our commercial clients enjoy a range of programs we offer that best fit their business

Drop-ship Program

- Place your order through us at a 15% discounted rate!
- We handle shipping so you don't have to!
- "White Boxing" is available!

Wholesale Program

- Must place an order of 8 kits or more!
- Place your order through us at a 20% discounted rate!
- We ship to your preferred location using UPS or R&L Carriers!
- "White Boxing" is available!

Pallet Program

- Must place an order of 32 kits or more!
- Enjoy a 30% discount on your order!
- We ship to your preferred location us R&L Carriers!
- "White Boxing" is available!

Drop-ship Program breakdown

The way we do our Drop-ship Program is by getting the invoice of the customer that has purchased through your website or at your store with their name, address, and items being ordered by the customer. Once we have this information, we gather the items ordered and ship them to the customer via USPS. If a different shipping method is preferred, we are always open to talking about this. Finally, we ask that our commercial clients either provide a credit card to remain on file with us for Drop-ship payments or set up an ACH weekly or bi-weekly payment plan. Please note that shipping is charged per order.

Wholesale Program breakdown

The way we do our Wholesale Program is by getting the invoice from your company with the items you order, preferred shipping address, preferred shipping date, price of each item, total costs, and contact information for delivery if necessary. Then we confirm this information with you and start building your order. Upon completion of manufacturing your order, we ship the items to you via UPS or R&L Carriers, depending on the size of the order and what savings we can pass on to you. Finally, we ask that our commercial clients set up ACH payments with Net30 terms.

Pallet Program breakdown

This program offers the biggest savings to you and the process is the same as the Wholesale Program except that we always use R&L Carriers for pallet shipments. Again, if you have a preferred shipping method we can discuss this further. We also ask our commercial clients set up ACH payments with Net30 terms.

**** Additional option for savings! ****

With our Pallet Program, if the client has good standing with us, we offer free shipping for setting up ACH payments with Net15 terms!

Dodge Battery Cable Kits

**Dodge Ram 2500/3500 5.9L
Cummins Diesel for 1989-1993, Gen 1
#781**

 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

Ford Superduty F250/F350 7.3L Diesel 1987-1997 #2266

Retail: \$365.04

Kit includes:

- 2/0 positive battery to battery
 - 3/0 positive battery to starter with 2 start relays
 - Left negative with 2 wires
 - Right negative with 2 wires
 - 72" start relay to starter wire
 - 2 positive and 2 negative military style battery terminals
 - 4 lock nuts
 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

Ford Superduty F250/F350 7.3L Diesel 1997.5-1999 #2273

Retail: \$335.92

Kit includes:

- 2/0 positive battery to battery
 - 2/0 positive battery to starter with start relay
 - Left negative with 2 wires
 - Right negative with 2 wires
 - 72" start relay to starter wire
 - 2 positive and 2 negative military style battery terminals
 - 4 lock nuts
 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

Ford Superduty F250/F350 7.3L Diesel 1997.5-1999 #2275

Retail: \$362.03

Kit includes:

- 2/0 positive battery to battery
 - 3/0 positive battery to starter with start relay
 - Left negative with 2 wires
 - Right negative with 2 wires
 - 72" start relay to starter wire
 - 2 positive and 2 negative military style battery terminals
 - 4 lock nuts
 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

Ford Superduty F250/F350 7.3L Diesel 1999-2003 #2298

Retail: \$351.06

Kit includes:

- 2/0 positive battery to battery
 - 2/0 positive battery to starter with start relay
 - Left negative
 - Right negative with 3 wires
 - 72" start relay to starter wire
 - 2 positive and 2 negative military style battery terminals
 - 4 lock nuts
 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

Ford Superduty F250/F350 7.3L Diesel 1999-2003 #2300

Retail: \$377.17

Kit includes:

- 2/0 positive battery to battery
 - 3/0 positive battery to starter with start relay
 - Left negative
 - Right negative with 3 wires
 - 72" start relay to starter wire
 - 2 positive and 2 negative military style battery terminals
 - 4 lock nuts
 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

**Ford Superduty F250/F350/
Excursion 6.0L Diesel 2003-2007
#4437**

Retail: \$301.36

Kit includes:

- 2/0 positive battery to battery
 - 2/0 positive battery to starter
 - Left negative with 2 wires
 - Right negative with 3 wires
 - Small lug military terminal adapter
 - 2 positive and 2 negative military style battery terminals
 - 4 lock nuts
 - 2 sets of terminal protector washers
 - 2 red and 2 black military terminal covers
 - Loom on all large cables
 - 5 mountable and 5 normal zipties
- ** 90 degree bend and straight starter options****

**Ford Superduty F250/F350/
Excursion 6.0L Diesel 2003-2007
#4442**

Retail: \$319.40

Kit includes:

- 2/0 positive battery to battery
 - 3/0 positive battery to starter
 - Left negative with 2 wires
 - Right negative with 3 wires
 - Small lug military terminal adapter
 - 2 positive and 2 negative military style battery terminals
