Follow manufacturer's instructions to ensure the product is properly & safely installed. The manufacturer and seller are not responsible or liable for consequential, incidental, or indirect damages, whether to person or property, resulting from the installation or improper use of this product.

- Before installing, please make sure the Driving Lights are free from damage, fracture and no impurities.
- Considering the high intensity of light, DO NOT stare at the light when it is switched on.
- The surface of the LED will reach very high temperature when it is turned on.
 - DO NOT touch the surface directly to avoid severe burns.
- Do not install or use product if it, in any way, impairs the safe operation of your vehicle.
