

IAG Performance Stealth Mount Tag Delete For 2015-17 WRX STI

Part# IAG-BDY-3310BK, IAG-BDY-3310BL

Thank you for choosing the IAG Tag Delete. The IAG Stealth Mount Tag Delete requires removal and reinstallation of the front bumper. IAG recommends professional installation for this product. If you do the installation yourself, please reference the OE Service Manual for anything not covered in these instructions. If you do not own a Service Manual you can access and download the Subaru Service Manual for your car online at techinfo.subaru.com (\$34.95).

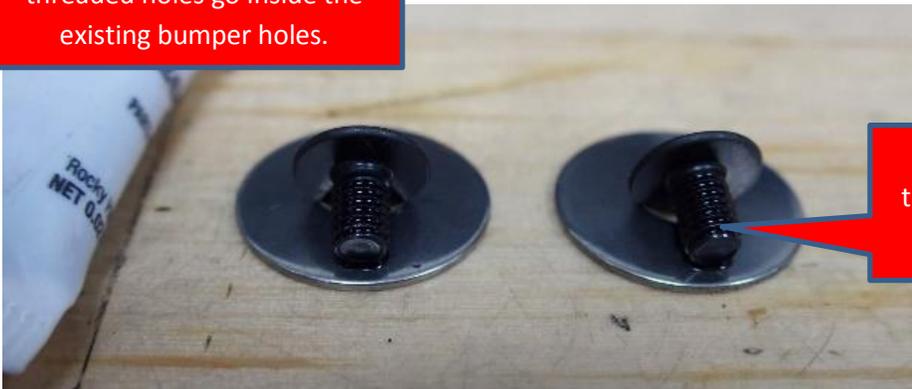

Parts List		
Part Name	Quantity	Notes
IAG CNC Machined Tag Delete	1	
M4 Flange Head Allen Screws	2	
IAG Domed Washers	2	
2.5mm Allen Wrench	1	
Thread Locker	1	

2015+ VA WRX STI Stealth Mount

1. Align Tag Delete. The raised threaded holes go inside the existing bumper holes.

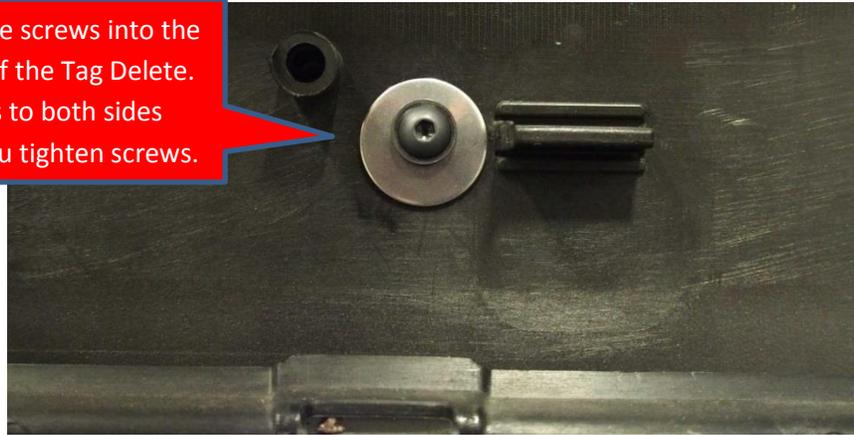

2. Align recess with existing holes in bumper.

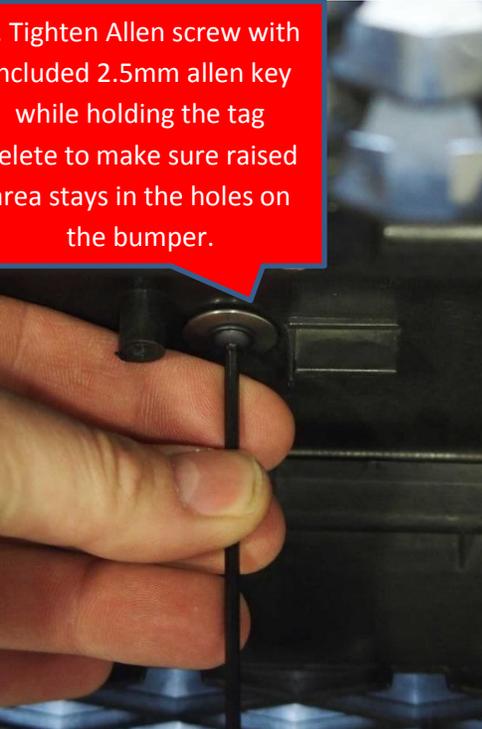

3. Apply a small amount of threadlocker (included) on the screws.

4. Start the screws into the threads of the Tag Delete.
Do this to both sides before you tighten screws.

5. Tighten Allen screw with included 2.5mm allen key while holding the tag delete to make sure raised area stays in the holes on the bumper.

6. Repeat step 5 for the other side.

7. Finished
