## **Footnotes**

(\*\*) = Indicates you will be connecting to the Mass Air Flow Sensor (MAF) all others connect to Manifold Absolute Pressure Sensor (MAP)

## **TPS Locations**

1 = On side of the throttle body , opposite the throttle linkage.

## **MAF/MAP Sensor Locations**

A = On air inlet duct, behind air cleaner assembly

B = On air cleaner housing

C = On right side of engine, part of the air intake assembly

D = Near throttle body

E = Left front of engine compartment

F = On air intake housing

G = Center of firewall

H = On top left rear of engine
