

# INSTALLATION INSTRUCTIONS

## Part Number E-9233

This filter fits: **See current catalog for applications**

**\*FREE K&N DECAL** To register your warranty, please see us online at [knfilters.com/register](http://knfilters.com/register). **FREE K&N DECAL\***

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedures **MUST** be followed to ensure the proper fit and seal of the K&N Air Filter.

### Installation

1. Remove the stock filter from the air filter housing.
2. With a damp rag wipe out any dust or dirt that may be on the inside of the airbox.
3. Using the provided K&N sealing grease apply a bead around the perimeter of the airbox base. (Fig 1)
4. Install the K&N Air Filter onto the airbox base with the K&N logo on the driver side of the airbox. (Fig 2).
5. Re-install the airbox lid in the reverse order of remove.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
