

INSTALLATION INSTRUCTIONS

Part Number HA-9200

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
2. Remove the stock o-ring from the air box base. (Fig. 1)
Note: Do not remove the o-ring from the air box lid.
3. Apply the provided K&N Sealing Grease into the air box base o-ring groove. (Fig. 2)
4. Install the K&N Filtercharger® making sure it is completely seated.
5. Reinstall the air box lid.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
