

Camburg Toyota Tacoma Prerunner 2wd '05-23 4" Performance Spindle Kit (Sway-bar Version)
P/N CAM-310029

- 1 Driver-side Spindle
- 1 Passenger-side Spindle

Spindle Hardware

- 1 Stainless/Kevlar Extended Length Front Brake Line Kit (CAM-330004)
- 4 5/8-18 x 3" 12pt Bolts (Stock Lower Ball-joint) (CAM-950091)
- 4 5/8-18 x 2.75" 12pt Bolts (Camburg L/T Uniball Adaptor) (CAM-950092)
- 4 5/8-18 G8 Nyloc Nuts (CAM-950269)
- 4 TY28MX 14" Zip Ties (CAM-950093)
- 4 Camburg 8.5" Stickers

Notes:

- 1) Fits 2wd 6-lug trucks only
- 2) Brake rotor dust shields will not be re-used.
- 3) ABS sensor is relocated in spindle on top versus in front like stock.
- 4) Outer tie rod ends are installed on top of the steering arm, not below like stock.
- 5) Must use wheels with a maximum backspacing of 5.25" or the tire will rub on the spindle.
- 6) When installing with our long-travel kit, longer than supplied brake lines are required. You will need our CAM-330002 brake line
