

## PART# 2022 BRONCO FENDER MOUNT YEARS 2021+

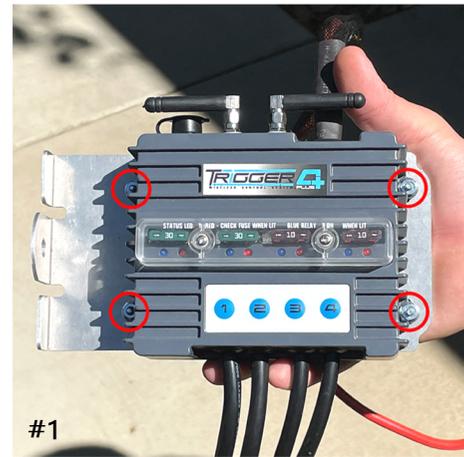

- Included:
- + Aluminum Trigger
  - + Mount
  - + Wing Bolt/Flagnut
  - + 4x Mounting Screws/Nuts
  - + Dual Lock Strip

### Installation:

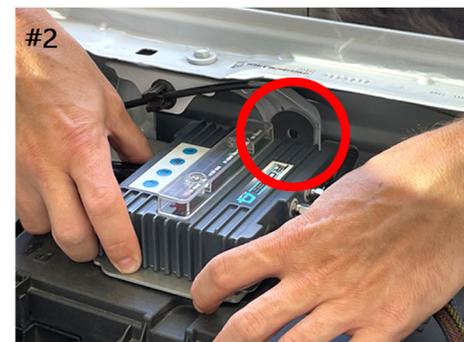

- 1) Use 4 included screws & nuts to attach Trigger Controller to the mount (Image #1).

\*Note: Dual Lock is on opposite side of trigger mounting surface & faces down towards the ground.

- 2) Clean top of fuse box with alcohol or similar cleaner.

- 3) Remove the adhesive backing on Dual Lock & place the trigger in the intended position by aligning the hole in the Trigger mount with a hole in the fender support (Image #2).

- 4) Use provided wing bolt & threaded handle to mount on the vehicle (Image #3).
