Suggested sales script/talking points.

How do you sell the HushMat Ultra™ Upholstery Roof Kit?

- Why do customers tint their windows? It is to reduce heat inside their vehicle.
- This treats only the glass—HushMat treats the 200°F radiant heat that comes through the roof.
- The combination of HushMat Ultra applied to the roof skin and 1/4" Silencer Megabond applied to the back of the headliner will lower this radiant heat by over 120°F!

Create a more satisfied customer!

Benefits

- Only 1.5mm thick (<1/8) and lightweight at 0.47 lbs per sq ft
- Proven to perform from -30° to 550° F
- Reduces heat up to 40%
- Reduces road noise up to 50%
- Reduces the floor noise up to 10 dB
- OEM specified and approved.

Installation

- No acetone or alcohol surface preparation.
- No heat guns or messy glue to apply.
- Simply cut with scissors, peel and stick.
- Installation guide in the box and at *hushmat.com*.
- Adhesion guaranteed!
