SEMA Product Light Bar Part Type ID 1069

Reverse Polarity Light Bar Operating Voltage 12-32VDC Current Draw 23.8A

Wattage 300-Watts Chip Type IP Rating LUX

Est. Labor	1 Hours		
Gross Weight	14.13	Width	5.25
Net Weight	12.31	Height	6.00
DIM Weight	12.41	Depth	54.75

Kelvin (ColorTemperature) White Universal or Vehicle Specific Universal

Made In CN Warranty Limited Lifetime Warranty Lumens 21,000lm Beam Pattern

Product Information

The NEW Marine Sport LED Light Bars are a revolutionary way to contour light bars and high power light output to any surface area with a straight or curve appeal. The light bars are designed for Marine use, but can also be used in Automotive, UTV, ATV, Industrial applications where a white colored shell is desired. To make these bars even more attractive, Race Sport uses a white facing tile instead of the common chrome tiles to give this a TRUE "WHITE OUT" look! We use durable and long lasting High Performance 3-watt diodes in these bars and recess them in our long throw opticals for a maximum performance and light output! . Operating Voltage: 9-30V DC . Color Temperature: 6000K . Lens material: PC . Optional Beam: Flood / Spot / Combo Waterproof Rate to 1m: IP67 . Optional Color: Black . Material: Aluminum alloy painting . Mounting Bracket: Alu firm bracket . 50000+ hours life-span 52.25in End-to-End 50.0in Lens Width Area 53.50in Mounting Hole to Mounting Hole 3.0in Height 3.5in
