Product Information

Introducing the RS12RGB ColorADAPT 12-Piece Light 6SMD POD RGB Multi-Color Accent Kit—a revolutionary lighting ensemble designed to take your vehicle's aesthetics to unprecedented heights. With its cutting-edge technology and versatility, this comprehensive kit transforms your car into a rolling canvas of dynamic, customizable illumination, allowing you to tailor your ride to your unique style and preferences. The RS12RGB ColorADAPT kit is composed of twelve compact 6SMD PODs, each equipped with state-of-the-art RGB LED technology. These pods are meticulously engineered to be versatile and easy to install, offering limitless possibilities to accentuate various parts of your vehicle. The ColorADAPT technology embedded in the RS12RGB kit allows you to immerse your vehicle in a rich spectrum of colors. With the included remote control, you have the power to effortlessly customize the lighting scheme to match your mood, the occasion, or simply to stand out from the crowd. Race Sport
