Preparation Before Installation

- A trial fit is recommended to ensure proper positioning and fit.
- Check fit of parts before painting as we will not accept the return of modified or painted parts.
- Wash your vehicle to remove any dirt or grime from the area where the hood protector will be attached and dry thoroughly with a clean towel.

INSTALLATION STEPS

PRODUCT CARE

- ☒ Periodically check the hood protector to ensure all fasteners are tight and the hood protector is securely fastened to the vehicle.
- ☒ Wash with regular soap and water. Use of any soap, polish, or wax that contains an abrasive could lead to accidental damage.

FAQ's

1. **Mounting Brackets are not Installing Properly.**

In some cases illustration images shown in instruction sheets may not be exactly the same depending on vehicle application. Double check all installation hardware before installation as clips may look similar but be different and effect installation.

2. **Missing Contents.**

Re-check count as per the contents list / double check the box for missing items.

3. **Product Not Installing Properly.**

Verify the make, model, year and sub-model (if applicable) of your vehicle is listed as an application. Re-check all installation steps to ensure all steps were followed.
